AKSHA DADALA

+91-9398123633 — akshadadala@gmail.com — LinkedIn — GitHub — Leetcode

OBJECTIVE

Friendly and engaging team player and leader able to inspire staff to perform their best. Detail oriented to play a challenging role in a growth-oriented organization, to prove my skills, update Myself with the latest technologies and add value to the organization.

EDUCATION

Bachelor of Technology in Computer Science and Engineering, Pragati Engineering College 2022 - May 2026
GPA: 8.67
Senior Secondary, Sri Vikas Junior College 2020 - 2022
Score: 85%
Higher Secondary, ZPP High School 2019 - 2020
GPA: 97%

SKILLS

Programming Languages: Python , Java
Scripting Languages: HTML, CSS, JavaScript
Databases: SQL
Coursework: Opearating System, DBMS
Tools/Platforms: Visual Studio Code, Github

PROJECTS

Rice Quality Prediction System (Project Link) Python, Deep Learning, TensorFlow/Keras, OpenCV, Machine Learning, XAI

- Developed an AI-based rice quality classification system using deep learning models (VGG16, ResNet50) to analyze grain features like size, shape, and texture for accurate prediction.
- Integrated Explainable AI techniques (LIME, Grad-CAM) to provide visual insights into model predictions, improving transparency and decision-making.

Library Management System ServiceNow Platform

- Designed and developed a custom ServiceNow application by creating and extending tables (Books, Members, Transactions) with relationships, ensuring structured data management. dataset.
- Implemented automation using Business Rules, UI Policies, UI Actions, ACLs, and Record Producers to manage book borrowing/return workflows with role-based access control.

CERTIFICATIONS / ACHIEVEMENTS

- Certified System Administrator, Certified Application Developer - ServiceNow (View)
- Certification from Google Cloud Computing Foundations (GCCF) (View)
- Certification from IBM Cloud regarding Development and Creating Chatbots (IBM) (View)
- Introduction to Data Science – CISCO (View)
- NPTEL Certification in Java , GCCF(Google Cloud Computing Foundations) & Foundation of Cloud IOT Edge ML (View)

INTERNSHIPS & EXPERIENCE

AWS Cloud Virtual Internship - Amazon Web Services (July 2024 - September 2024(View)

- Completed a virtual internship focused on core AWS services, cloud concepts, and architecture.
- Gained foundational knowledge of cloud computing and deployment models.

POSITION AND RESPONSIBILITIES

Book Publications Coordinator

- Coordinated the end-to-end publication process, including editing, design, printing, and distribution.

Strides Technical Event (2025) Coordinator

- Served as Coordinator for strides technical event (2025), overseeing planning, organization and execution.

Community Service Project Leader

- Led a community project to support handloom artisans by organizing fundraising, exhibitions, and awareness campaigns, increasing their sales and visibility.
